

# Updating SKU weights and DOQ information in BladePRO

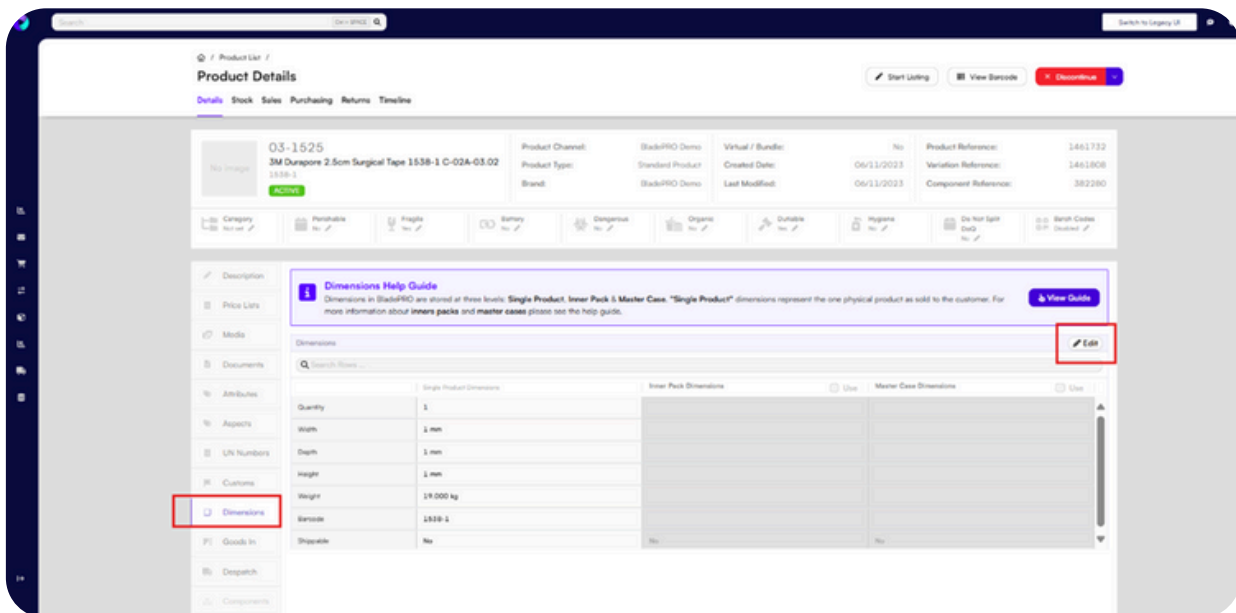

1. Locate the product from the 'Products' section of BladePRO.

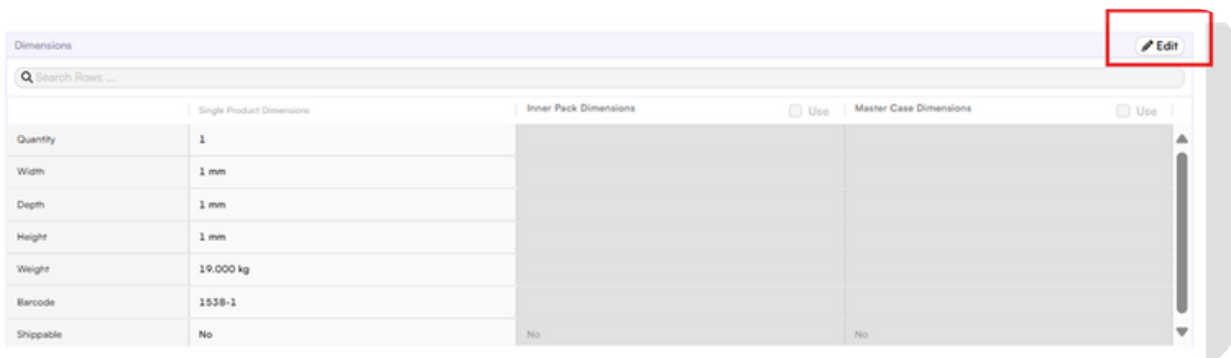

2. Once in the product view, select the 'Details' tab from the top of the page.

3. Once in the product details view, select the 'Dimensions' tab on the left hand side.

4. Select 'Edit'.

5. Select 'Use' on master case dimensions as shown below.

**Dimensions Help Guide**  
Dimensions in BladePRO are stored at three levels: **Single Product**, **Inner Pack** & **Master Case**. "Single Product" dimensions represent the one physical product as sold to the customer. For more information about **inner packs** and **master cases** please see the help guide. [View Guide](#)
